Berlin Leipzig Seminar
Analysis/probability theory
Second Meeting Summer Term 2005

Jointly organized by the University of Leipzig, the Max Planck Institute Leipzig, and the Technical University Berlin

Date:

Friday, 6 May 2005

Venue:

Max Planck Institute for Mathematics in the Sciences, Inselstr. 22, 04103 Leipzig,
Room A01

Program:

Reading seminars:

11:00–12:00: **Barbara Niethammer (Humboldt University Berlin)**

Screening and correlations in domain coarsening

13:15–14:15: **Jürgen Gärtner (Technical University Berlin)**

Parabolic Anderson model with moving catalysts

Invited lecture:

14:20–15:20: **Peter Stollmann (Chemnitz University)**

Between order and disorder

Abstract: We give a review on recent results concerning disordered models ranging from Anderson-like disorder to aperiodic order. A central theme will be the integrated density of states.

Everybody is welcome to attend.

Wolfgang König, Leipzig University
